Republican State Convention.

A Republican State Convention will be held at the Capital in the city of Madison, at 12 o'clock M., on WEDNESDAY, the 25th day of September next, for the purpose of nominating candidates for state officers.

Each assembly district, under the new apportionment, will be entitled to two delegates in the convention.

The committee recommend that the primary meetings for the selection of delegates be held on or before the 14th day of September, and that the district committees issue early calls for such meetings, that the people may be thoroughly notified, and choose delegates who fairly reflect their wishes.

HORACE RUBBLE.

Chairman on State Republican Central Com.

Madison, Aug. 12, 1861.

More Troops Wanted.

The following important telegram was received by Gov. Randall yesterday morning:

WASHINGTON, Aug. 20, 1861.

To GOVERNOR RANDALL.—You may organize and equip as rapidly as possible, five (5) regiments of Infantry, and five Batteries of Artillery, and procure for them necessary clothing and equipments, according to United States regulations and prices, subject to the inspection of United States officers.

Expenses incurred will be refunded by the government. If you need the canons at once, send us an order, and they shall be forwarded, and such other arms as may be necessary. Please answer if this is understood and satisfactory.

STEWART CAMERON, Sec'y of War.

In accordance with this dispatch, the Madison Journal says that the Governor has issued an order for six more regiments.

Now that the harvest is nearly ended, we do not doubt that enlistments will go on rapidly in this state. Fourteen regiments is a pretty large draft for the population of our state, but with a proper system in enlisting men we do not doubt they will be forthcoming. Within three weeks the governor of Indiana says he will have thirty-seven regiments in the field from his state. This is about the same number, for the population of Indiana, that fourteen regiments would be for Wisconsin. The proximity of Indiana to the seceded states would naturally cause greater excitement in regard to the war than would be found in our more remote locality; but we think that it should make no difference. The cause is the same here that it is there, and Wisconsin is bound by the obligation of patriotism and honor to respond to the call of the government, with promptness.

The order upon Gov. Randall for more troops is a cheering evidence that the War Department at last comprehends the great struggle upon which we have entered, and that it is disposed, henceforth, to act with vigor. This is encouraging and will do much towards hastening the enlistment of troops. There is no disguising the fact that the tardy action of the government, heretofore, in accepting volunteers, has discouraged many who would otherwise have been in the ranks long ago. But now, all signs point towards a vigorous and earnest prosecution of the war. That this may be done, and the rebellion crushed in the shortest possible time, a half a million men will be called into the field. Wisconsin must do her share.

CAUSE OF THE TROUBLE.—The telegraph has made frequent allusion to the mutiny in two or three regiments at Washington, but gives no intelligible report of the cause of the trouble. We find the following statement of the origin of the mutiny in the 17th (Highlander) New York regiment:

Most of the officers at the request of the privates made application to Secretary Cameron for leave to return home to enjoy a holiday, and perhaps ultimately to break up and disband. Secretary Cameron foolishly and unfortunately consented; and immediately afterwards countermanded the order. As soon as it became known that he had consented to let the regiment go home, the leading military officers promptly entered their protest, and pointed out to him what he should have done to have perceived, that as the regiment was mustered in for three years, the example to other regiments would be very bad, perhaps fatal to the army, as similar applications would be made by other regiments, which could not be refused.

The 2d Maine regiment, which was also disaffected, insisted they were militia, and could not be required to serve longer than three months at a time, and they demanded permission to go home, and take a holiday.

The prompt treatment adopted by Gen. McClellan will prevent any such exhibitions of insubordination in future.

The receipts of grain in one day at Chicago, this week, amounted to 425,494 bushels. In 1810, 300,000 bushels was considered an enormous amount for one year.

THE Chicago Tribune understands that Major Steiner has been ordered to take the field at once, under Gen. Rosencranz in Western Virginia. The idea of having our best officers in the recruiting service has been given up.

Chicago has a Union defense committee, raising troops for Gen. Fremont, and providing them outlays. A war meeting has been called under their auspices, to be held Saturday evening next.

THE St. Louis Democrat has a strong editorial article denouncing the management of the war department. There would be general rejoicing in the west if Mr. Lincoln should dismiss Mr. Cameron, and put a competent man in his place.

CLAFIN, MELLEN & CO.—We learn that this house has offered only 30 cents on the dollar, and that it will probably be accepted by its creditors. The condition of the house is much worse than anticipated. They have been selling goods below cost for a year past.

Gen. Wool.

While Gen. Wool was on his way to assume command of Fortress Monroe, he was serenaded at the St. Nicholas Hotel, in New York, and responded as follows to the compliment:

FELLOW CITIZENS.—I thank you for this unexpected honor. Nothing is more gratifying to a soldier's feelings than the good opinion of his fellow citizens. I do not, however, regard it as a compliment merely to myself, but on behalf of my country, my bleeding country, which is now contending for the most precious of rights. But yesterday we were a great people, commanding the admiration of the world, with an empire extending from the frozen regions of the north to the tropical regions of the south, and with a population of more than thirty-one millions, enjoying a prosperity unparalleled in the history of nations. Every city and hamlet was growing rich, and none so much as those at the south.

But this is not so to-day. And for what reason? For nothing under God's heavens but because the south wants to extend the area of slavery. Nothing else but that. The only question with you is whether you will support free speech, free government, free suffrage, or extend the area of slavery. This was the happiest country on the face of the globe a few months since, with a government more kind than any other in existence, where a man could walk abroad in his own majesty, and none to make him afraid. Never sacrifice that government, but maintain it to the last. I thank you, gentlemen, for the honor you have done me. [Great and long continued cheering.]

The band then struck up the "Red, White and Blue." As a pause was made in the music, cries were renewed for the appearance of Gen. Wool, and in response he came forward and said:

Gentlemen, a few words more, though I am too hoarse to speak. I have only to say to you let us have liberty and union, the whole Union, and nothing but the Union, now and forever. Good night.

Gen. Wool is a life-time democrat. Will any of his political brethren denounce him for asserting that slavery is the sole cause of the rebellion, and call him an abolitionist because he proposes to defend the government the slaveholders have assailed?

The Winter term opens Dec. 17, and closes March 20. The Spring term opens April 1, and closes July 1. Albion, Aug. 16th, 1861. 52w3

ALLEN'S GROVE ACADEMY will commence its full session of four weeks, Sept. 4.

This school is located at Allen's Grove, five miles east of Clinton, on the Racine & Mississippi railroad.

The academy has three departments, viz: common English, moral, and classical.

The course of study in the moral department is conformed to that laid down by the board of normal regents for the state.

The classical course is similar to that in the best approved preparatory schools in the country. The object of this department is to fit young men for college, and young ladies for the higher seminary.

This academy is no inferior college, nor lays claim to anything of the kind, as is often done at the west. It does not think of such a thing as "graduating" a student. It reserves this to the college proper. It is simply a preparatory school, and the work which belongs to such a school it seeks to accomplish, is determined to accomplish, and thoroughly.

It opens its doors gladly to all students who have a manly purpose to improve, whose object is true culture. It desires no others. It is not ambitious of numbers, but of scholarly character. If it cannot live in this way, it will die. It says plainly to all who come into its classes, "You will be expected to study, and think, and behave."

Acting upon this plan, the past year has been one of great encouragement.

The normal department has been quite successful, and the classical department has fitted for college several young men.

The common English department is comparatively backward, and will be so, in a degree, till our public schools in the country come up to a higher grade.

To this desirable end the normal department, it is confidently hoped, will soon contribute something.

Students seeking admission to this department will be examined at the commencement of the term.

Tuition, \$5, \$6 and \$7 per term. Incidentals, 50 cents.

Tuition ordinarily in advance; but this term, be paid at the middle of the term. Board, \$2.00. Wood, lights and washing extra. Rooms can be rented on reasonable terms.

PER ORDER OF TRUSTEES.

The St. Louis Democrat has a

strong editorial article denouncing the management of the war department.

There would be general rejoicing in the west if Mr. Lincoln should dismiss Mr. Cameron, and put a competent man in his place.

CLAFIN, MELLEN & CO.—We learn that this house has offered only 30 cents on the dollar, and that it will probably be accepted by its creditors. The condition of the house is much worse than was anticipated. They have been selling goods below cost for a year past.

CHICAGO has a Union defense committee, raising troops for Gen. Fremont, and providing them outlays. A war meeting has been called under their auspices, to be held on Saturday evening next.

## PUBLIC SCHOOLS.

By a resolution of the Board of Education of the city of Janesville, at a meeting held at their office on Saturday, August 18th, 1861, it was resolved that the Public Schools of the city should be reopened on MONDAY the 24th of September next. Teachers in the employ of the board will please hold themselves in readiness to enter upon the discharge of their duties at that time.

Resolved—JAMES ARMSTRONG, Clerk.

## Rent of Ships.

The slips in the the Baptist church in this city will be rented for the coming year on Monday, August 26th, at 10 o'clock A.M.

By ORDER OF TRUSTEES.

## To Persons Wishing Employment.

The attention of mechanics or laborers is directed to the notice of Edward Ruge, and the inducements for enlistment in the company he is aiding in raising. The opportunity for enlistment in that service is an unusually good one.

POSTPONED.—We are authorised by Rev. Mr. Goodspeed to say that, on account of the rain, the Ladies Benevolent Society will not meet at Mr. Crosby's till Friday evening.

WOODRUFF'S BAROMETER.—We have one of these instruments now in our office.—The rain to day was indicated by it several hours in advance of its coming.

THE CAMPBELLS.—Judging from indications, the Campbells will be greeted with a full house to night. Their reputation as a band of minstrels is known all over the Union, and it needs but an announcement to draw out a crowded audience wherever they give one of their exhibitions. The price of admission is so low that even the "hard times" won't prevent the enjoyment of their entertainments.

THE MISSING FROM THE SECOND WISCONSIN REGIMENT.—The following are the names of the soldiers missing and unaccounted for since the battle of Bull Run, in the Wisconsin Second, copied from the correspondence of the Madison Journal. These names are "not included in either of the lists of Mr. Benedict's, Col. Corcoran's or Dr. Lewis, and are as follows:

J. M. Carhart, H. C. Parker and Edgar Stafford of Company A; D. M. Knox of C; W. R. Doty of Company C; J. S. Bell, H. D. Perry and Jason Brown of Company D; A. Henry of Company F; Geo. W. Buffell of Company G; Henry Bulcke of Company I; and C. Dausink, J. Grace, W. H. Hyde and R. W. McKenna of Company K.

Col. Corcoran reports the name of one that I think may be intended for A. Henry of Company F mentioned above, and his list may possibly include some others; not having it before me I am not certain about it."

RETURNED.—A. E. Lane, who went as drummer in the second regiment, arrived in town to day.

J. S. C. Cushman, of this city, who has been appointed a lieutenant in the regular army, is now here awaiting orders for service.

THE FIRST REGIMENT.—The Milwaukee Sentinel of to day, says:—The first was not mustered out yesterday, as the paymaster had not arrived. The regiment will probably be paid off this morning, and mustered out.

CHARLES L. Noggle, of this city, has been appointed assistant quartermaster of the 7th regiment, with the rank of 2d lieutenant.

GOOD FOR THE FIRST!—The Milwaukee Daily, etc., say:—Col. Starkweather informed us yesterday, that 680 of his regiment responded to the call for re-enlistment during the war, before 4 o'clock of the first day. Nearly the whole regiment will re-enter the service. This is the right spirit."

GORGE ANTRAL.—The railroad bridge at Oshkosh is making rapid progress towards completion. It is expect'd that the cars will run over it early in next month.

SHILOHAN COUNTY.—The board of supervisors have fixed the salary of county school superintendents, to be elected in November next, at \$300 a year.

The board allows the several towns and corporations of the county to furnish such aid to the families of volunteer soldiers as may be necessary and needful, and will pay the bills of the same from the county treasury.

FIELD AND DRUMMER WANTED.—Capt. Britton wants a few as I drummer for his Zouave company.

GRAN RECENTS IN CHICAGO.—The receipts of flour and grain in Chicago last Monday were:

Flour, bbls. .... 7,201  
Wheat, bu. .... 141,930  
Corn, " .... 261,073  
Oats, " .... 36,409  
Rye, " .... 1,826

Reducing the flour to wheat, the total receipts of all kinds of grain amount to 490,202 bushels. This is said to be the largest amount of grain ever received in one day in that city.

TEA is selling at Fredericksburg, Virginia, at 22 per pound, and sugar at fifty and sixty cents. It must cost something to steady the nerves of the "mother of presidents."

THE N. Y. ZOUAVES are to be reorganized. Eight hundred, the original Zouavas, are ready to shoulder their muskets, and three hundred fresh ones will make their number sufficient.

THE new state of Kenesawha (Western Virginia) will contain 259,855 white population and 6,634 slaves.

NEWSPAPER ARCHIVE

## To Mechanics and Laborers.

All mechanics and all able-bodied men not mechanics, who wish to serve their country will find extra inducements offered to enlist in the company of Sappers and Miners forming in this city. The pay of first class privates (good mechanics) is, under the new regulations, \$19 per month when unemployed, and 40 cents per day extra when employed; and for second class privates (laborers) \$15 per month when unemployed and 25 cents per day extra when employed. The term of enlistment is for three years or the war. Uniforms and equipments complete are all ready.—The company will be under the command of Captain A. J. Davis, and will join a regiment forming at St. Louis, (probably commanded by Col. Bissell,) and will comprise part of Gen. Fremont's division. The company will have here for Chicago (where it will be equipped and mustered into the service) if possible by Thursday, the 29th of the present month, and certainly by the 31st. It will go thence directly to St. Louis and go into quarters. Persons desiring to join this company will see the necessity of doing so immediately. I will accept as high as one hundred men.

N. B.—You will see that first class privates when employed receive some \$30 per month, and second class privates some \$21. There is every prospect of permanent employment. All equipments are furnished. For further particular enquire of EDWARD RUGER,

Locut, and Recruiting Officer, Office with the Clerk of the Board of Supervisors, county building, Janesville, Aug. 20, 1861.

ED.—Everybody indebted to me must pay up immediately. The emergency won't permit any "letting up" on this point.

From the FIFTH Regiment.

CAMP KALAHARI, Aug. 10, 1861. NEAR WASHINGTON, D. C.

We are about two miles from the President's house, on what has heretofore been called the Meridian Heights. There are about 15,000 troops, of all kinds, within two miles of here. We are encamped with the 6th Wisconsin, 18th Indiana and 14th and 15th Massachusetts. The Massachusetts regiments are fitted out in the best style. Their uniform is the same as that of the regulars. They have their own big game wagon, and use the Sibley tents—

These tents are round and conical, about eighteen feet high, have a pole at the center, with three iron legs, about four and a half feet long, so that a fire can be built in the center. There is a hole in the top for the smoke to escape, and a cap over that, but when you come to the men who compose the regiment, I would not exchange ours for any that I have yet seen.

Locut, McLean and Sarge. Saunders were here to day. They look tough, and I assure you they feel well. Saunders says he is "fitting for the full rations." I wish you could see Saunders and hear him talk; he improves in his way. They stayed here and took dinner. Saunders had a big crowd about him while here in camp.

We are on a piece of land owned by a captain in the rebel army. He poisoned the well he left here, but the water was tested before it was used. There was a fine brick house and barn and other out buildings, but now all are destroyed, and nothing but a pile of brick is left.

Everything here is kept in strict military order, and the city is under martial law. I have been to town once since I came here, and that was on the 11th. We left Baltimore on the 7th inst., on short notice; we were all night and a part of a day coming from Baltimore to Washington. When we arrived we were quartered in vacant stores, etc., in the Fourth street, and on Pennsylvania Avenue. Our baggage was left on the cars until the 9th. I was detailed with six men to watch it. WE HAD quite a stir in camp last night. A man on horseback tried to run guard, the sentinel gave him a challenge, but he did not stop at the word "halt," and he fired on him, as also did the next guard. The man hallooed as though he was hurt, and rode off as fast as his horse could carry him. We have not heard from him since.

## To Persons Wishing Employment.

The attention of mechanics or laborers is directed to the notice of Edward Rager, and the inducements for enlistment in the company he is aiding in raising. The opportunity for enlistment in that service is an unusually good one.

POSTPONED.—We are authorised by Rev. Mr. Goodspeed to say that, on account of the rain, the Ladies Benevolent Society will not meet at Mr. Crosby's till Friday evening.

WOODRUFF'S BARONET.—We have one of these instruments now in our office.—The rain to-day was indicated by it several hours in advance of its coming.

THE CAMPBELLS.—Judging from indications, the Campbells will be greeted with a full house to-night. Their reputation as a band of minstrels is known all over the Union, and it needs but an announcement to draw out a crowded audience wherever they give one of their exhibitions. The price of admission is so low that even the "hard times" won't prevent the enjoyment of their entertainments.

THE MISSING FROM THE SECOND WISCONSIN REGIMENT.—The following are the names of the soldiers missing and unaccounted for since the battle of Bull Run, in the Wisconsin Second, copied from the war correspondence of the Madison Journal. These names are "not included in either of the lists of Mr. Benedict's, Col. Corcoran's or Dr. Lewis, and are as follows:

J. M. Carihi, H. C. Parker and Edgar Stafford of Company A; D. M. Knox of C; W. R. Doty of Company C; J. S. Bell, H. D. Perry and Jason Brown of Company D; A. Henry of Company F; Geo. W. Buffell of Company G; Henry Bailek of Company I; and C. Deusink, J. Grace, W. H. Hyde and R. W. McKeon of Company K.

Col. Corcoran reports the name of one that I think may be intended for A. Henry of Company F mentioned above, and his list may possibly include some others, not having it before me I am not certain about it."

RETURNED.—A. E. Lape, who went as drummer in the second regiment, arrived in town to-day.

ASST. S. C. Cushman, of this city, who has been appointed a lieutenant in the regular army, is now here awaiting orders for service.

THE FIRST REGIMENT.—The Milwaukee Sentinel of to-day says:—The first was not mustered out yesterday, as the paymaster had not arrived. The regiment will probably be paid off this morning, and mustered out.

ASST. Charles L. Noggle, of this city, has been appointed assistant quartermaster of the 7th regiment, with the rank of 2d lieutenant.

GOOD FOR THE FIRST!—The Milwaukee Daily Life says:—"Col. Starkweather informed us yesterday, that 680 of his regiment responded to the call for re-enlistment during the war, before 4 o'clock of the first day. Nearly the whole regiment will re-enter the service. This is the right spirit."

GOING AHEAD.—The railroad bridge at Oshkosh is making rapid progress towards completion. It is expected that the cars will run over it early next month.

SHEBOYGAN COUNTY.—The board of supervisors have fixed the salary of county school superintendent, to be elected in November next, at \$600 a year.

The board allows the several towns and corporations of the county to furnish such aid to the families of volunteer soldiers as may be reasonable and necessary, and will pay the bills thereof from the county treasury.

FIFER AND DRUMMER WANTED.—Capt. Britton wants a fife and drummer for his Zouave company.

GRAIN RECEIPTS IN CHICAGO.—The receipts of flour and grain in Chicago last Monday were:

Flour, bbls. 7,204  
Wheat, bu. 141,830  
Corn, " 261,078  
Oats, " 36,409  
Rye, " 1,826

Reducing the flour to wheat, the total receipts of all kinds of grain amount to 430,202 bushels. This is said to be the largest amount of grain ever received in one day in that city.

Tees is selling at Fredericksburg, Virginia, at \$2 per pound, and sugar at fifty and six cents. It must cost something to steady the nerves of the "mother of presidents."

The N. Y. Zouaves are to be reorganized. Eight hundred, the original Zouaves, are ready to shoulder their muskets, and three hundred fresh ones will make their number sufficient.

The new state of Kenawha (West Virginia) will contain 250,856 white population and 6,634 slaves.

## To Mechanics and Laborers.

All mechanics and all able-bodied men not mechanics, who wish to serve their country will find extra inducements offered to enlist in the company of Sappers and Miners forming in this city. The pay of first class privates (good mechanics) is, under the new regulations, \$19 per month when unemployed, and 40 cents per day extra when employed; and for second class privates (laborers) \$15 per month when unemployed and 25 cents per day extra when employed. The term of enlistment is for three years or the war. Uniforms and equipments complete are all ready.

The following rules and regulations have been announced:

Entries may be made on the first day of the fair, after which time the books of entry should be closed and no more entries allowed. It is desirable that all those who wish to enter animals or articles should comply with this rule, as it will save the confusion which will necessarily occur when entries are left to the last hour.

The secretary's office will be open, for the purpose of facilitating business, and entries may be made on or before Monday preceding the fair, but no articles will be taken on the ground until Tuesday, 17th of September.

All animals or articles entered for competition must be owned in Rock county, and must be entered in the name of the real owner or manufacturer. All mechanics who have articles not enumerated in the foregoing premium list are requested to furnish specimens of their work for exhibition, which will be placed in the discretionary class, and if worthy will receive premiums according to their merits.

No premiums will be awarded unless the articles be deemed worthy, though there be no competition; but premiums will not be withheld because there is no competition merely.

No person will be allowed to interfere with the judges while examining animals or other articles. No premium will be awarded to the person interfering.

RATES OF MEMBERSHIP AND ADMISSION DURING THE FAIR.—Any person may become a member during the fair by paying the sum of one dollar, and be entitled to a certificate of membership for the time of holding the fair, and admit himself and family. Their wives and minor children may enter animals or other articles for exhibition and competition free from any additional charge. Exhibitors will have tickets to admit any necessary help free of charge, but not transferable.

All persons not having paid for membership will be charged 20 cents for each admission. Lumber wagons, carriages and buggies, 25 cents each admission.

N. B.—It will be distinctly understood that for this fair there will be no distinction of one dollar, and be entitled to a certificate of membership for the time of holding the fair, and admit himself and family. Their wives and minor children may enter animals or other articles for exhibition and competition free from any additional charge. Exhibitors will have tickets to admit any necessary help free of charge, but not transferable.

The premiums awarded will be read on the last day of the fair, and all premiums awarded by the committee will be promptly paid on the grounds at the secretary's office.

We earnestly hope the people of Rock county will take hold energetically in aid of this fair, and give it a generous support. Let there be an old-fashioned gathering, such as used to be witnessed when a Rock county fair contested the palm with the state society.

ACCIDENT OCCURRED BY A THRESHING MACHINE.—A man named Leander Wetmore had his arm badly crushed yesterday, in a threshing machine on Leander Byer's farm, in the town of Janesville. The accident occurred in consequence of Wetmore getting his arm between the belt and pulley while the machine was in rapid motion. The arm was fractured in two places, and the bones driven through the flesh and skin. Hopes are entertained that amputation will not be necessary. The wound was dressed by Dr. Palmer.

A DILATORY PAYMASTER.—The first regiment was not, up to yesterday, mustered out of service, because the paymaster had not made his appearance, and Col. Starkweather says he will not discharge the men until they are paid. The Col. is "sound."

One of the best securities for the insurance of

both personal and property, and with such

confidence, that the public has no

hesitation in giving them a large proportion of

their premiums.

For the past ten years, depcated below par,

fluctuations of the market, and liable, in times of

panic, to the experience of the past teacher, to become

almost, if not entirely, valueless.

Altogether there are

Companies entering the field of competition, and

united to mislead by publishing partial and mercied

statements of condition, and without a cash sur-

plus on hand, to mislead, to their outstanding

risks, the above named companies stand out

over and above their capital, far above the

market value of their assets, needed for the reimbursement of

all their risks, with their condition, and with such

a condition, they claim the right to look with confidence

to the public for liberal patronage.

Republican State Convention.

A Republican State Convention will be held at the Capital, in the city of Madison, at 12 o'clock M., on WEDNESDAY, the 25th day of September next, for the purpose of nominating candidates for state officers.

Each assembly district, under the new apportionment, will be entitled to two delegates in the convention.

The committees recommend that the primary meetings for the selection of delegates be held on or before the 14th day of September, and that the district committees issue early calls for such meetings, that the people may be thoroughly notified, and choose delegates who fairly reflect their wishes.

ORACE RUBBLE,  
Chairman State Republican Central Com.  
Madison, August 19, 1861.

More Troops Wanted.

The following important telegram was received by Gov. Randall yesterday morning:

WASHINGTON, Aug. 20, 1861.

To GOVERNOR RANDALL.—You may organize and equip as rapidly as possible, five (5) regiments of Infantry, and five Batteries of Artillery, and procure for them necessary clothing and equipments, according to United States regulations and prices, subject to the inspection of United States officers. Expenses incurred will be refunded by the government. If you need the cannon at once, send us an order, and they shall be forwarded, and such other arms as may be necessary. Please answer if this is understood and satisfactory.

SIMEON CAMERON, Secy of War.

In accordance with this dispatch, we do not doubt that enlistments will go on rapidly in this state. Fourteen regiments is a pretty large draft for the population of our state, but with a proper system in enlisting men we do not doubt they will be forthcoming. Within three weeks the governor of Indiana says he will have thirty-seven regiments in the field from his state. This is about the same number, for the population of Indiana, that fourteen regiments would be for Wisconsin. The proximity of Indiana to the seceded states would naturally cause greater excitement in regard to the war than would be found in our more remote locality; but we think that it should make no difference. The cause is the same here that it is there, and Wisconsin is bound by the obligation of patriotism and honor to respond to the call of the government, with promptness.

The order upon Gov. Randall for more troops is a cheering evidence that the War Department at last comprehends the great struggle upon which we have entered, and that it is disposed, henceforth, to act with vigor. This is encouraging and will do much towards hastening the enlistment of troops. There is no disguising the fact that the tardy action of the government, heretofore, in accepting volunteers, has discouraged many who would otherwise have been in the ranks long ago. But now, all signs point towards a vigorous and earnest prosecution of the war. That this may be done, and the rebellion crushed in the shortest possible time, a half a million men will be called into the field. Wisconsin must do its share.

CAUSE OF THE TROUBLE.—The telegraph has made frequent allusion to the mutiny in two or three regiments at Washington, but gives no intelligible report of the cause of the trouble. We find the following statement of the origin of the mutiny in the 79th (Highlander) New York regiment:

Most of the officers at the request of the privates made application to Secretary Cameron for leave to return home to enjoy a holiday, and perhaps ultimately to break up and disband. Secretary Cameron foolishly and unfortunately consented; and immediately afterwards countermanded the order. As soon as it became known that he had consented to let the regiment go home, the leading military officers promptly entered their protest, and pointed out to him what he should have done to have perceived, that as the regiment was mustered in for three years, the example to other regiments would be very bad, perhaps fatal to the army, as similar applications would be made by other regiments, which could not be refused.

The 2d Maine regiment, which was also disaffected, insisted they were militia, and could not be required to serve longer than three months at a time, and they demanded permission to go home, and take a holiday.

The prompt treatment adopted by Gen. McClellan will prevent any such exhibitions of insubordination in future.

The receipts of grain in one day at Chicago, this week, amounted to 425,494 bushels. In 1860, 300,000 bushels was considered an enormous amount for one year.

The Chicago Tribune understands that Major Slemmer has been ordered to take the field at once, under Gen. Rosecrans, in Western Virginia. The idea of having our best officers in the recruiting service has been given up.

Chicago has a Union defense committee, raising troops for Gen. Fremont, and providing them outfitters. A war meeting has been called under their auspices, to be held on Saturday evening next.

PER ORDER OF TRUSTEES.

Gen. Wool.

While Gen. Wool was on his way to assume command of Fortress Monroe, he was entertained at the St. Nicholas Hotel, in New York, and responded as follows to the committee:

## BY TELEGRAPH.

REPORTED FOR THE DAILY GAZETTE.

BY WISCONSIN STATE TELEGRAPH LINE.

## Last Night's Report.

CAIRO, Aug. 26.

Battle last night, at twelve o'clock at Charleston, between the federal forces, about two hundred and fifty strong of the 32d Illinois regiment under command of Col. Dugher, accompanied by Col. Rankin of the 11th Illinois regiment; and the rebel forces estimated between six and seven hundred, commanded by Col. Hunter of Jeff Thompson's army, in which the federal forces were victorious, completely routing the enemy, killing forty and taking seventeen prisoners. Loss on our side, one killed, W. P. Sharp, Co. A.

Among the wounded are Col. Dugher, slightly; Col. Rankin, shot in the shoulder, not serious; Capt. Johnson, Co. A, shot in the leg; Geo. G. Perry, slight wound in the arm. Wounded all doing well.

Capt. Nolman, with 50 mounted men, left Bird's Point about six o'clock last evening for Charleston, to join the forces under Col. Dugher, failed to form a junction with Col. Dugher, met a party of rebels about 100 strong, gave battle, killing two and taking thirty-three prisoners, and captured thirty-five horses without the loss of a man.

BOSTON, Aug. 20.

In Haverhill, Massachusetts, last night, Ambrose Kimball, editor of the Essex Democrat, a secession sheet, was forcibly taken from his house by an excited mob, and covered with a coat of tar and feathers and ridden on a rail through the town; subsequently, under threats of violence, Mr. K. promised to keep his pen dry in aid of rebellion and was liberated. The town authorities and many old citizens unsuccessfully attempted to quell the riot. Mr. K., after suffering the utmost abuse and indignity of the mob for a long time, made the following affirmation on his knees: "I am an edition of the Louisville Courier has been seized at the express office.

General Fremont has official reports confirming the secession defeat at Charleston and Commerce.

General Sigel's regiment return a loss of fifteen killed and twenty wounded. Two hundred and thirty are missing.

Sigel was at one time in the enemy's hands, but was rescued.

Colonel Benjamin Brown, late president of the Missouri senate, was killed in the battle of Springfield, while leading a secession regiment.

General Price's report to Claib. Jackson is received. He admits a loss in his own division of one hundred and fifty-six killed and five hundred and twenty-seven wounded—a large proportion officers.

One thousand secessionists have crossed the Missouri river at Brunswick, to join McCulloch and Price.

The secessionists have risen near Rolla, and are arresting and imprisoning Union men.

ST. LOUIS, Mo., Aug. 20.

The town of Commerce, Missouri, forty miles above Cairo, which was taken on Sunday and a battery planted by the rebels, was retaken last night by 500 troops sent down from Cape Girardeau by order of Gen. Fremont. The rebels made no stand, but retreated with their battery, on the approach of our troops. Their force was about 150 of infantry and the same number of cavalry.

Louisville, Aug. 20.

The ordinance also provides for the election of delegates to a convention to form a constitution. At the same time the questions for new state organizations and new state shall be submitted to the people within the proposed boundary. The election is to be held on the 24th of October next.

The name of the new state is to be Kanawha. The utmost harmony prevailed. The convention will adjourn to-morrow. The last regiment is expected to return to-morrow. Great preparations have been made to give them a brilliant reception.

DETROIT, Aug. 20.

Prince Napoleon en route for Lake Superior arrived early this morning and departed this afternoon. He was guest of Gen. Cass while here.

NEW YORK, Aug. 20.

Louis DeRobbian, a Frenchman, and resident of Wilmington, North Carolina, a rebel emissary, was arrested at Newport and is now confined at Fort Lafayette.

The Fire Zouaves have gone into quarters at the battery, to reorganize.

WASHINGTON, Aug. 20.

There are rumors of fighting at the chain bridge to-day, doubtless untrue.

The National Republican, speaking of the supposed intention of the rebels to cross the Potomac for the purpose of invading lower Maryland, says that the rising of the negroes is much more probable than a demonstration by the secessionists, and threatens a formidable emancipation if the slaveholders of that region do not remain loyal.

Additional by the Canada.—The London Times, in an editorial, takes the recent speech of Mr. Vallandigham of Ohio as evidence of the charges that will be brought against Mr. Lincoln, if the south succeeds. It says that only a victory by which the state of Manassas may be effected and the south induced to come to terms can secure the President from the consequences of having begun the civil war.

The London Globe observes with regard to the blockade question, that the blockade is a right of war, but what right whether of war or peace can congress empower the executive to desist from the blockade, and substitute the levying of fiscal duties of goods about to be landed in territories where that executive cannot afford protection to them. The shipping Gazette complains that the blockading squadron on the coast of America appears determined to interrupt marine commerce in defiance of the best understood maxims of international law at the coast of the army.

The London Gazette observes with regard to the blockade question, that the blockade is a right of war, but what right whether of war or peace can congress empower the executive to desist from the blockade, and substitute the levying of fiscal duties of goods about to be landed in territories where that executive cannot afford protection to them. The shipping Gazette complains that the blockading squadron on the coast of America appears determined to interrupt marine commerce in defiance of the best understood maxims of international law at the coast of the army.

The London Post in an editorial, on the blockade question says, if unfortunately England should be compelled to drift into the quarrel, it will not rest with England but with a government which has endeavored to compass the ruin of innocent commerce to enforce the validity of a blockade which it is manifestly incompetent to maintain.

The Times of the 10th remarks that the Americans of the north even take pleasure in the sensation caused by their recent unparalleled defeat. Another letter from Russia says he having acquired further information in regard to the fight has come to the conclusion that there was not a bayonet charge made by the federal infantry during the day. There was not a charge of any kind made by the confederate cavalry upon any right of the enemy until they began to retreat.

Special dispatch to the Chicago Tribune.

ST. LOUIS, Aug. 20—11 P. M.

There is no news of any importance from any point on the different railroads to-night. Jefferson city, about which some alarm is felt, is now considered safe. All reports tend to confirm the statement that the secessionists in the counties adjacent to the capital are rising in great numbers, but are poorly armed. No alarm is felt, however. To-night a splendid torchlight procession takes place in honor of Gen. Sigel.

Tribune Correspondence.—On General McClellan's order, all the women in the camps across the Potomac were sent away last night, save two hospital nurses for each regiment.

Johnson and Beauregard have been reinforced by some 15,000 or 20,000 men since the Bull's Run battle, and it is said to-day that Yorktown, Norfolk, and Richmond have been almost denuded of troops, whose ultimate destination is presumed to be Maryland and Washington. In the belief that this design is to cross below and above the city, ample precautions are taken. The Potomac flotilla has been enlarged, and the present force could be largely increased at short notice.

The chain bridges and fords above, for the present useless on account of the high rains, are well guarded. The Potomac fleet now consists of 11 well armed steamers, and 11 launches, each carrying fifteen men and a Dabbs 12 pounder.

Commodore Wm. D. Porter has not been sent home in irons; he has been dismissed from his command, but not stricken from the rolls. Gov. Hicks is here to-night. He has no apprehensions of any effort to capture Washington with the assistance of Dr. McDowell's college and Lynch's ne-

gro yard, have been taken possession of for military purposes.

The city is quiet.

NEW YORK, Aug. 20.

A special to the Commercial Advertiser, Washington, 20th says: "Ex-Mayor Barrett yesterday refused to take the oath of allegiance as one of the new board of police commissioners. This act excited attention, but not surprise.

"The question of the exchange of prisoners, which has been a subject of considerable consideration has not yet been decided. President Lincoln is firmly opposed to any recognition of the rebels as a belligerent power.

"It is rumored that government dislikes Russell's attempt to ridicule the Bull Run battle, and will refuse him passes over the Potomac. This undoubtedly is a baseless fabrication."

Special dispatch to the Chicago Times.

ST. LOUIS, Aug. 20.

Major Osterhaus' battalion is officially reported to have lost forty killed and wounded in the battle near Springfield.

The first Kansas regiment had ninety killed and nearly two hundred wounded, including six commissioned officers killed and seven wounded.

The whole loss of the second Kansas regiment will not exceed one hundred.

The thirty-ninth Ohio regiment and

Hopman's artillery have arrived.

James W. McDonald, the sculptor, has been arrested by the provost marshal for treason.

An edition of the Louisville Courier has been seized at the express office.

General Fremont has official reports confirming the secession defeat at Charleston and Commerce.

Louisville, Aug. 20.

A dispatch to the Courier says that the steamer Hannibal City, with federal troops from St. Louis southward, was fired into by Confederates at Commerce, Mo., and sunk, and that three hundred federals were taken prisoners.

The Frankfort Yeoman say that Gov. Magoffin has deputized W. A. Dudley and F. A. Hunt as commissioners to President Lincoln, to request the withdrawal of troops from Kentucky, and George Johnston to request him to respect Kentucky neutrality.

The New Orleans Bulletin of the 13th says that Capt. Alden had informed the Galveston authorities that, unless two boats which he alleged to belong to citizens of Massachusetts should be returned to him, he would fire on the city.

Richmond papers of the 16th place no reliance upon the reported battle at Louisville.

The Nashville Banner of the 20th says that indications point to a speedy reconciliation of the conflicting elements in East Tennessee.

An Abingdon (Va.) paper says that there is trouble in Johnston county. The Union men are overrunning and making prisoners of the secessionists. A passage at arms is reported. Several rebels have been made to retreat from the county. The rebel vote of the county is 100, while the Union vote is 1,000. It is reported that the Unionists design driving the secessionists out of the county.

W. B. Barwell, in a letter from Charlottesville, Aug. 12th, says: "The supplies for our army are not half sufficient. The destitution of our army in food and clothing is terrible. Many applications are made to us by well men, who wish to escape sickness, for an extra pair of socks, drawers or undershirts. It will be required that every nerve shall be strained by you at home, and ourselves here, to meet the exigencies of the fall and winter, should we give such charges."

The wreath of habeas corpus has, indeed been suspended in a few instances, and the constitution provides that it may be suspended in certain emergencies, and if such emergencies have not occurred, they never can. With the government surrounded by traitors, open and secret, infesting its army and navy, its forts and arsenals, and navy yards, and like the frogs of Egypt, penetrating the inner chambers of all the departments and betraying their secrets, and with a formidable rebel army menacing the very capital of the country, the administration, in a few instances, have thought it necessary to proclaim martial law and to suspend the writ of habeas corpus, which the constitution prohibits, "unless when, in cases of rebellion and invasion, the public safety may require it."

We do not pledge ourselves to endorse every act nor every principle of the republican party, nor any other party. We are not at all certain that the general policy of the republican party, in time of peace, would be all to our mind, but when it is assumed for such assumed faults as the above, we feel like defending it as we would our own fireside, and we cannot but doubt the loyalty of any man or party that will make such charges.

FIRE AND ISLAND NAVIGATION

Risks accepted at terms consistent with solvency and fair profits.

Especial attention given to Insurance for terms of 1 to 5 years.

DWELLINGS AND CONTENTS.

The said service long and successfully tried, and the most satisfactory results. Insurance can be had in property in its line, but should not be overlooked by those ready to insure and understanding their best interests.

During "strategic times" this necessity for reliable Insurance is of the greatest importance—the ability of property holders to sustain loss being then much lessened.

Agencies in all the principal cities and towns throughout our state. Policies issued without delay, by any of the duly authorized agents of the company.

Business attended to with despatch and fidelity.

THE above are First Class, justly popular, and prompt to respond to all solicitors. They invite investigation into their real merits. In point of solvency and reliability, and of honorable dealing, they have but few equals, and no superiors. They are founded upon the very best securities in the world, and are well and truly mortgaged upon property in New York and Brooklyn, and have not, for the past ten years, depreciated below par, and are every way more reliable and permanent than railroads, and are not subject to the fluctuations of the market, and liable to be affected by the experience of the past, to become almost, if not entirely, valueless. And while there are companies of equal reputation, well calculated to mislead by publishing false and misleading statements of their condition, and without a cash surplus on hand sufficient to reimburse their outstanding liabilities, these companies at all times have and keep over and above their cash assets, a large sum, in most instances four times, needed for the reinsurance of all their risks. With such a foundation, and with such a cash surplus, there is the right to look with confidence to the public for liberal and just treatment.

Published without delay, and farms risks for a series of years taken at less rates than can be done by Mutual Companies, and a certainty given instead of an uncertainty. All losses promptly adjusted and paid.

New York Life Insurance Company,

CASE CAPITAL OVER \$1,000,000

all well invested for the benefit of Policy Holders, so that the profits of this vast sum pay a large proportion of the total premium due.
